To whom it may concern:

Re: Web Application Penetration Test of ALOT Digital

Wizlynx Group is an IT service provider with extensive experience in infrastructure and network security solutions, which complements our high level of competency in Information Security and Quality & Project Management for enterprise IT organizations. Our Security experts are SANS trained, CREST and GIAC certified in different domains of Information and IT Security and Audit.

On behalf of Wizlynx Group, I confirm that ALOT Systems' web application (known as "ALOT Digital") has been comprehensively analyzed by Wizlynx Group from a security perspective using methodology as set out in the OWASP Testing Guide, Open-Source Security Testing Methodology Manual (OSSTMM) and Penetration Testing Execution Standard (PTES). As of the 23rd of February 2022 final test, no known vulnerabilities were identified, and we therefore conclude that ALOT Digital has a good security posture.

Yours Sincerely,

Kim Hock Leow, CEO

Wizlynx Cyber Security Limited
